PRESS RELEASE

19 March 2018

## Total Composite Solutions Launch Lower cost high Performance Tooling Prepreg System to the Composite Market

Total Composite Solutions (TCS) Ltd is pleased to offer a wide range of high quality Prepeg's, many of which are held in stock for next day delivery to the UK market. New to the market, the low temperature moulding Prepeg systems have a high TG and are available in standard reinforcement weights of 245grms and 600grms bulk ply. Other heavier weights are available along with a market leading lower cost option with no compromise to performance or quality.

Andrew Pointon, Managing Director of Total Composite Solutions (TCS) Ltd adds, “we are delighted to launch this new Tooling Service and offer our customers full onsite technical support along with this extensive choice of Prepeg's. The E6 range of materials represents a high quality, high value proposition to the market with full service from UK stock”.

For sample materials and technical information please email [sales@totalcompositesolutions.com](mailto:sales@totalcompositesolutions.com) or call 02392 459513.
